VOLUME 137 JULY-DECEMBER, 1946

July 4 1–16
July 11 17–68
July 18 69–84
July 25 85–130
August 1 131–146
August 8 147–196
August 15 197–214
August 22 215–264
August 29 265–280
September 5 281–332
September 12 333–348
September 19 349–398
September 26 399–414
October 3 415–468
October 10 469–486
October 17 487–542
October 24 543–560
October 31 561–608
November 7 609–626
November 14 627–680
November 21 681–698
November 28 699–750
December 5 751–768
December 12 769–822
December 19 823–844
December 26 845–892

A

Aerial tramways see Cableways

Aeronautics

Airplanes
Launch planes by electricity n*404
Airports
AGG, air group create cooperative committee n773
Appropriations for state airports n199
Argentina to build six airports n72
Atlantic Ocean outposts built by U. S. n*138
Azores—building an airbase. Brig. Gen. J. S. Bragdon *250
CAA airport money policy to be discussed n349
CAA gets appropriation for starting program n76
CAA sets up offices for airport program n488
Camp Spring, Md. administration building for Army Air Forces n*469
China—airbase near Tsingsao completed n*613
Cleveland asks bids on dike work n335
Cumberland, Md. mountain made into airport n*422
East Boston, Mass. ground broken .. n272
Fairfield-Suisan, Calif. concrete runway with no expansion joints *504
Gravelly Point, Va. contractors lose by Supreme Court decision n772
Great Britain to build biggest hangar for biggest plane n*403
Hangars
Eglin Field, Fla. hangar built for Army test work *28
Radiant heating for a hangar. J. L. Ottenheimer *254
Richmond, Fla. hangar wreck caused by winds n*22
New York City airlines bus depot planned n11
Idlewild grading (unit prices) 747
La Guardia Field to be closed as filled surface sinks n568
New York region to have sixty new airfields n557
Newark, N. J. airport planned n*149
Oakland, Calif. airport to expand .. n*633
Phoenix plans a new airport. John Girand *646
Pavements see also Pavements
Regional airport development e290
Runways—tests of flexible pavement for airport runways, pt. 1, *36; pt. 2 ..... *113
St. Louis gets low bid for work n629
San Francisco bond issue too small for airport n752
Tern Island airfield n*760
Toledo airport improvements (unit prices) 394
U. S. airbases in Atlantic area. M. H. Lander ..... l 257
Wyoming plans ten-year program for airports *365
Helicopters can make rooftop landings n*696
Propeller test house built in East Hartford, Conn. n*558
Africa—South Africa to have first native town n473
Agg, Dean Thomas R. now devotes himself to research n*704
Air conditioning
Diesel Equipment Div. of G.M.C. building is air conditioned and designed for maximum efficiency *801
Air raids and protection
Heligoland fortress island is tested by the British with bombs *438
Manila, Philippine Is. reconstruction. Herbert Leopold *172

Aluminum

Aluminum houses and aluminum latrines n*135
Massena railroad bridge installs aluminum span n*415; *714
Prefabricated aluminum houses .. n419, n*837
Puerto Rico to have aluminum houses .. n*135
Use of aluminum wire as conductors for cables suggested as substitute for copper 522
American Congress on Surveying and Mapping Washington, D. C. meeting n19
American Public Health Assn. Meeting in Cleveland, n697; plans n761
American Public Works Assn. New York-New Jersey Sections conduct unique outdoor meetings n*758
American Road Builders' Association Nominees for officers n545
American Shore & Beach Protection Assn. Meeting n340
American Society for Engineering Education—New name for Society for Promotion of Engineering Education n*8
American Society for Testing Materials Buffalo meeting n7; n17
American Society of Civil Engineers
Sets up new regional office n*548
Spokane convention n85
Technical divisions meet n566
Wagner Act clarification on rights of professional employees sought by A.S.C.E. n89
American Standards Assn. New York City meeting n699
American Water Works Assn. Southeastern Section meeting n355
Amphibian Engineer Association meeting n773

Aqueducts

Deer Creek-Salt Lake aqueducts—Utah voters approve n824
Flume crosses Crooked River canyon on a rigid frame *448
Oakland, Calif.
Bids requested n85
East Bay Municipal District installs check-valves to prevent water hammer. H. A. Knudson *310
San Diego aqueduct financing studied .. n185
Argentina—Six airports to be built n72
Asphalt Institute meets n840
Associated Equipment Distributors Head scores surplus disposal as hampered by red tape n*417
Associated General Contractors Meeting ... n565

Atomic Power

Atom bomb test well run, will produce scientific data ..... n7[illegible]
Bikini atom bomb test ..... n7[illegible]
Camp Upton, N. Y. selected as atom research center ..... n[illegible]
Canada's atom project under new board ..... n76[illegible]
G.E. to build atom power lab at Schenectady ..... n6[illegible]
New use for atomic bombs. A. H. Geddes ..... l 25[illegible]
Nuclear power plants ..... n33[illegible]
Structural design for nuclear power ..... *7[illegible]

Australia

Barges converted into houseboats n547
Brisbane plans water and sewerage expansion program ..... n33[illegible]
Canberra to transport houses from Tecumwal ..... n61[illegible]
Port of Portland to be improved ..... n46[illegible]
Portland harbor for all-weather considered n547
Warragamba Gorge Dam started ..... n*[illegible]
Water supply program proposed ..... n[illegible]
Austria—Kaprun Dam construction rushed ..... n*33[illegible]
Automobiles—Large increase found in cars needing repairs ..... [illegible]

Awards

John Fritz medal awarded to L. W. Chubb ..... n47[illegible]
James F. Lincoln "Design-for-Progress" award ..... n46[illegible]
Moles award to Crimmins, Morrison .. n*5[illegible]
Azores building an airbase. Brig. Gen. J. S. Bragdon ..... *25[illegible]

B

Beams

Allowable stress in beams. T. P. Young (table) ..... [illegible]
Chart determines economic depth of plate girders. B. L. Parker ..... *1[illegible]
Laterally unsupported beams. T. R. Higgins ..... l 45[illegible]
Bins for beans ..... n*4[illegible]
Blasting—New powder under study in the West ..... n[illegible]
Blasting—San Bruno, Calif. citizens sue to halt blasting ..... n*6[illegible]
Bolivia—Highway plans. Fred Lavis ..... l 76
Santa Cruz-Cochabamba highway being constructed. J. L. Harrison ..... *4[illegible]

Book Reviews

Airports; design, construction and management. Glidden, Law & Cowles ..... [illegible]
Airport planning. Froesch & Prokosch ..... [illegible]
Art of plain talk. Rudolf Flesch ..... [illegible]
Builders for battle. D. O. Woodbury ..... [illegible]
Building an engineering career. C. C. Williams ..... [illegible]
Business law of aviation. G. O. Dykstra & Lillian Dykstra ..... [illegible]
Considerations sur le probleme de la stabilite. Daniel Gaden ..... [illegible]
The contractor's legal problems. N. L. Hayward ..... [illegible]
Data book for civil engineers, vol. 2. E. E. Seelye ..... [illegible]
Design of reinforced concrete structures. Dean Peabody Jr. ..... [illegible]
Development of mathematics. E. T. Bell ..... [illegible]
Economics in one lesson. Henry Hazlitt ..... [illegible]
Engineer at law. C. B. & J. R. McCullough ..... [illegible]

* Illustrated; a, abstracts; e, editorials; l, letter; n, news

English-French and French-English technical dictionary. Francis Cusset.. 812
Geological investigation of the alluvial valley of the lower Mississippi River. H. N. Fisk..... 457
Interstate compacts. Colorado Water Conservation Board 190
Legal phases of construction contracts. I. V. Werbin..... 189
Manual of design for arc welded steel structures. Lamotte Grover..... 669
Material handing equipment. W. M. Potts 670
Municipal year book; 1946 ed. by Ridley & Nolting..... 189
The origin, distribution and airphoto identification of United States soils. D. S. Jenkins & others..... 669
Practical design handbook for engineers. Alois Cibulka 670
Proposed manual of standard practice for detailing reinforced concrete structures 189
Public works wage rate and some of its economic effects. Viola Wycoff..... 811
Modular coordination guide. Adams & Bradley 811
Soils, concrete and bituminous materials 324
Surface construction without accidents. H. E. Beaven..... 189
Theory of structures. Timoshenko & Young 324
Under the Red Sea Sun. Commander Edward Ellsberg 811
Water treatment and purification. W. J. Ryan 190
Women can be engineers. Alice C. Goff 669

Brazil

Cranes purchased for harbor improvements n755
Pelotas docks to be improved.....n403
Railway bridge trusses strengthened by new arches. Oscar Machada da Costa.*738
Railway improvement program.....n473
Rio de Janeiro to be replaced by a new city n827
Subway system to be considered.....n337
Volta Redonda steel plant erection problems. J. B. Gibson.....*120
Bridge accidents and failures
Barnegat Bay, N. J. railway bridge damaged by fire.....n761
Braille, N. J. bridge collapse blamed on marine borers n266

Bridge Construction

Bailey bridge trusses provide temporary crossing. G. H. Allen.....*368
Cattaraugus Creek, N. Y. Erie Thruway welded bridge carries deck area of two acres. E. W. Wendell.....*856
Fixed costs chargeable to bridge construction. W. N. Schroeder..... 321
Massena, N. Y. railroad bridge installs aluminum span *714
Richmond, Calif. causeway built of precast units *710
Topock, Ariz. railroad bridge redecked for vehicles. J. W. Green.....*137

Bridge Design

Burma-Irrawaddy River floating bridge constructed during the war.....*226
Garrison Dam, N. D. construction bridge designed for maximum salvage.....*109
Great Britain—Transporter Bridge to be replaced n613
Massena, N. Y.—Aluminum span for railroad bridge *714
Memphis, Tenn.—New approach planned n697
Old Lyme-Saybrook, Conn. toll bridge to be built n619
Richmond, Calif.—Causeway built of precast units *710
St. Louis, Mo.—Eads Bridge being repaired n618, n*683
San Francisco Bay crossing recommends several plans n615
San Francisco-Oakland Bay Bridge—Alameda wants approach built to bridge n694
Suspension—San Francisco-Golden Gate Bridge vibration studies.....*184
Tampa Bay, bridge—Work to start in 1947 .....n*619
Washington, D. C.—Anacostia River bridge bids too high.....n694
Wilmington, Del.—Military board hearing n694

Bridge Renewals and Repairs

Belgium—rebuilding bridges an old story to the engineers.....*434
Berlin, N. H. old Phoenix—section bridge repaired to carry modern loads safely. Johnson & Seelye.....*796
Brazilian railway bridge truses strengthened by new arches. Oscar Machado da Costa *738
France rebuilds its rail bridges.....*178
France—wrecked bridge saved by U. S. Army engineers *322
New York City—Geo. Washington Bridge being repainted n*133
Russia to restore railway bridges.....n134
Timber lack halts repair of Louisiana bridges n279
Topock, Ariz. railroad bridge redecked. J. W. Green.....*137
Washington highway bridge repaired with extra beams.....*874

Bridges

Bailey military bridges built in France and in Germany. R. C. Horne.....l*391
Bartlesville, Okla.—Three bridges over Caney River (unit prices)..... 892
Belgium—Rebuilding bridges an old story to the engineer.....*434
Berlin, N. H.—Repairing an old Phoenix-Section bridge. Johnson & Seelye....*796
Berlin, N. H.—Repairing an old story to the engineer *434
Brazil—Railway bridge trusses strengthened by new arches. Oscar Machado da Costa *738
Burma—Irrawaddy River floating bridge constructed during the war.....*226
Canada—Canso, N. S. bridge test borings made n71
Cattaraugus Creek, N. Y.—Erie Thruway welded bridge carries deck area of two acres. E. W. Wendell.....*856
Cleveland—Clay's Ferry bridge opened..n288
Delaware River bridge plan submitted..n422
Flume crosses Crooked River canyon on a rigid frame.....*448
France
Blasted railroad bridges rebuilt.....*178
Caronte railway viaduct repaired....n337
Garrison Dam, N. D.—Construction bridge designed for maximum salvage *109
Great Britain—Severn River bridge planned n5
Highway bridge construction jobs considered n767
Highway bridges receive no bids or too high bids n10
Jasper, Ind.—Modified Bailey bridge trusses provide temporary crossing. G. H. Allen.....*368
Kentucky-Indiana bridge now toll-free..n767
Longview, Wash.—Wooden approaches being replaced n*354
Massena, N. Y.
Aluminum bridge e424
Aluminum bridge spans.....n*415
Terminal RR bridge piers.....n*543
Mississippi River bridge proposed.....n406
New York City—Geo. Washington Bridge being repainted n*133
North Carolina plans bridge survey....n152
Oregon—Schooner Creek bridge (unit prices) 397
Pennsylvania toll bridges not to be free.n141
St. Louis, Mo.
Chain-of-Rocks bridge acquired by Madison, Ill. n852
New highway bridge to be built.....n218
San Diego, Calif.
Bridge becomes a draw.....n*765
Pedestrian, equestrian bridge.....n*71
San Francisco-Alameda Bridge—Hearing on plan to be held..... n8
San Francisco—Golden Gate Bridge—Marin County approach plans studied n141
Vibration studies *184
San Francisco-Oakland Bay Bridge—New crossing under study n*222, n*274, n407
South Carolina highway bridge construction n*776
Stony Creek, Md. (Unit prices)..... 891
Suspension bridges—Cables of 90-year-old bridge, Calif. still in sound condition *508
Sweden—Skanstullsbron Bridge completed n*336
Tacoma Narrows Bridge—Bids to be invited for reconstruction..... n74
Tampa Bay, Fla.—Crossing bridge to be started in 1947.....n562
Tolls—West Virginia removes tolls on three bridges n343
Topock, Ariz.—Railroad bridge redecked for vehicles. J. W. Green..... *53
Washington state highway bridge repaired with extra beams.....*874
Washington, D. C.—14th Street Bridge to be replaced by two..... n75
British West Indies—Workers housing planned n72

Building Accidents and Failures

Atlanta hotel fire will cause revision of building code n842, n851
Continuing inspection needed e26
Frankfort, Ky. state building buckles slightly n280
Monrovia, Calif. city hall is a menace say engineers n753

Building Construction

Brazilian steel plant erection problems. J. B. Gibson.....*120
Chanelling of building materials to housing n281
Cost of home construction $7,000 average n491
Cracked walls avoided. T. H. McKaig..*523
Curtailment orders n282
False statements cause building shutdowns n341
Floor for Ford Motor plant is poured before steel erection is started.....n*828
Grain elevators built with slip forms. H. R. Straight.....*728
Guides to improved framed walls for houses. A. D. Freas.....*519
Hartford hospital building frame welded. Poole & Booth.....*577
Hospital allotments by states (table).. 412
Holston Ordnance Works construction speeded behind a curtain of war secrecy *96
Mississippi outlines school program....n764
New ideas for building advanced to hasten end of housing crisis.....*534
New York City milk plant designed for rapid erection *234
N. Y. City St. Patrick's Cathedral repair.*720
Non-residence building curb to be eased in 1947 .....n846
Non-residential building estimate by OWMR for 1946..... n69
Portland, Ore. building levy legality to be determined n73
Russian "innovations". L. J. Mensch..l 188
Sacramento River floodways not to be used for building.....n271
Sidewalk superintendents given seats. Philadelphia n490
Why "slab-band" floors are economical. F. N. Severud.....*526

Building Design

Adobe houses. M. P. Sheridan.....l 537
Auto assembly plants design. Wilmington, Framingham and Atlanta.....*599
Diesel Equipment Div. of G.M.C. building air conditioned and designed for maximum efficiency *801
Explosion pressure vents. H. R. Brown (Building Designers' Library).....*445
Fresno, Calif. plant designed for heavy loads with welded frame. Mark Falk.*640
Industrial research laboratories design. W. W. Fenner.....*510
Johns-Manville Research Center features movable partitions *169
Lustron Homes, all-steel, porcelain finish prefabs n*849
Modular coordination found impractical in Britain 240
One-story factory design. E. F. McKeon l*258
Planning for elevator installations (Building Designers' Library).....*875
Principles of noise reduction in offices and factories (Building Designers' Library). M. A. Smith.....*643
Sweden finds underground factories practicable for peacetime work.....n*754
Tiffin, Ohio, General Electric plant roof of welded trusses aids conveyorized layout *360
Veterans' Hospitals design criteria.....*662

Building Designers Library

Design of explosion pressure vents. H. R. Brown.....*445
Fluorescent lighting developments increase lamp output, decrease costs. A. G. Elley.....*105
Good roofs require more than mopping. E. A. Swenson.....*515
Planning for elevator installations....*875
Previous articles in this series..... 108
Principles of noise reduction in offices and factories. M. A. Smith.....*643

Building Laws and Regulations

Atlanta hotel fire will cause revision of building code n842
Atlanta speeds fire-prevention study..n851
Building inspection by affidavit. C. P. Morgan .....l 808
Building officials organize to promote national code n469
Cleveland code revision.....n209
District of Columbia revises building code n15
Fire safety for hotels.....e854
Foundation formed to promote model national building code.....n556
Great Britain preparing performance standards building code..... 525
New York State zoning amendment voided by court.....n145
Prefabricated construction code approved n155
Southern builders favor new standard code n699
Steel building code changes analyzed. T. R. Higgins.....*529
Washington cities use new way to enforce building codes..... 104
Building Officials Conference of America Convention n469
Building Products Institute Formed n627
Sees material production ample in 1947 .....n681

Buildings

Atlanta, Ga.—Pontiac assembly plant..*599
Baltimore, Md.—1946 building, etc.....n697
Boston—John Hancock Insurance Co. structure started n*623
Brazil—Volta Redonda steel plant erection problems. J. B. Gibson.....*120
California, Delaware and Wisconsin to build new service facilities.....n623
Camp Springs, Md.—Army Air Forces Strategic Air Command building....n*469
Camp Upton, N. Y.—Atom research center to be built.....n209
Canada
Montreal hospital to be started....n683
University of Toronto constructing new buildings n768
Central Islip, Long Island—Extension and improvements planned.....n209

* Illustrated; a, abstracts; e, editorials; l, letter; n, news

C & O RR installs radiant heat in West Virginia station n*144
Chicago
Lakeside Press building to be supported by 3,850 pipe piles....*722
New University headquarters....n*286
University of Illinois to lease pier as branch n11
Cicero, Ill.—Lustron Homes, all-steel, porcelain finish prefabs....n*849
College Park, Md.—University of Maryland to construct new buildings....n347
Colombia—Baseball stadium for Carribbean Olympic games....n*686
Dallas
Boilers to be installed on top of building n833
City market plan strikes snag.... n74
Des Moines, Ia.—Vacuum holds forms..n*841
Durham, N. C.—Rat-profed buildings required n267
East Hartford, Conn.—Propeller test house built n*558
Ecuador—Capitol planned n*337
Florida asks CPA OK on $8,000,000 for buildings n401
Ford Research & Engineering Center, W. W. Fenner....*510
Fort Wayne, Ind.—Veterans hospital planned n490
Framingham, Mass.—Buick assembly plant *599
Frankfort, Ky. state building buckles slightly n280
Fresno, Calif.—Plant designed for heavy loads with welded frame. Mark Falk.*640
Grand Rapids, Mich.—Diesel Equipment Div. of G.M.C. building is air conditioned and designed for maximum efficiency *801
Hammond, Ind.—Standard Oil Co.—wellpoints used to compact sand fill. H. E. Berger.... *44
Hartford, Conn.—Hospital building has welded frame. Poole & Booth....*577
Hopeville, Ga.—Ford Motor plant floor completed before steel erection started n*828
Hospital allotments by states (table).. 412
Hospitals for civilian employees approved by House group.... n90
Hungry Horse Camp, Mont.—Warehouse building (unit prices).... 394
Indianapolis, Ind.—New state buildings are neded n852
Kansas City, Mo.—Midwest Research Institute plans building....n833
Kingsport, Tenn.—Holston Ordnance Works construction *96
Los Angeles—May Co. store concrete is pumped n*475
Manville, N. J.—Johns-Manville Research Center features movable partitions *169
Mexico City
American School under construction..n473
Hotel planned n*203
Miles City, Mont.—Contract signed for veterans Hospital n153
Minneapolis, Minn.
Plans expansion for schools....n136
Univ. of Minnesota asks funds for buildings n695
Monrovia, Calif.—City hall is a safety hazard n753
New York City
Best & Co.'s new store being constructed n*79
Elliott Houses use slab-band floor construction. F. N. Severud....*526
Madison Square Garden structure at Columbus Circle considered....n*690
Milk plant designed for rapid erection *234
New York Life Ins. development at Fresh Meadows, Queens, accelerated n73
Rockefeller Center Esso building steel columns n*411
St. Patrick's Cathedral roof repaired while supported by outside cantilever beams *720
Stainless steel bonded to plywood....n*544
United Nations select N.Y.C. for skyscraper world capital center (map).n825
Newark, N. J.—Weston Electrical Instrument Corp. laboratory....n*484
New Mexico—Army builds blockhouse for rocket testing n*476
Port Wentworth, Ga.—Paper-board mill starter n687
St. Louis, Mo.
Ford Motor plant contracts for firm to install equipment....n335
Veterans Hospital planned....n343
Schenectady, N. Y.—G.E. to build atom power lab n687
Switzerland—Zurich stadium roof supported by four columns....*454
Syracuse—War plant converted into college building n552
Tallahassee, Fla.—University of Florida to build new gym....n347
Tiffin, Ohio—General Electric plant roof of welded trusses aids conveyorized layout *360
Tuscaloosa—University of Alabama plans buildings n347
Veterans Hospitals
Contracts let....n154, n343, n753
design criteria for Veterans' hospitals *662
Washington, D. C.—Hospital floors built with cinder block....*603
Wilkes-Barre, Pa.—Veterans Hospital planned *687
Wilmington, Del.—General Motors assembly plant *599
Wingdale, N. Y. State—Hospital to be constructed n354
Buildings—See also Housing
Buses—New York City plans new airlines bus depot n11

C

Cableways—California aerial tramway survey n3
Caissons
Helium gas in compressed air operations *118
Prefabricated foundations for oil wells in Lake Maracaibo, Venezuela. E. J. Cleary *859 e854
Canada—Campell River development pushed n133
Labor Board clarifies status of employed Canadian engineers n217
Canadian Council of Professional Engineers and Scientists. W. J. Gilson....l 124

Canals

Charts for canal flow computations. Commons & Griffith....*664
Coachella Canal—Improved trimming and paving equipment. C. S. Hale..*595
Columbia Basin Project canal contract awarded n133
Delta-Mendota Canal, Calif.—Contracts awarded n689
East Low Canal, Calif.—Contracts awarded n689
Florida Barge Canal—Calyx drill aids soft-ground examination. H. A. Scott.*102
Friant-Kern Canal—Exploratory work speeded by drill rig....*390
Netherlands lock and railway restoration n*72
New York State Barge Canal—Oswego Lock culverts emptied and filled with siphon. D. A. Watt....*872
Panama Canal
Expansion of canal should be speedy..n205
Inspection by Board....n*220
Sault Ste. Marie hydro plant plans completed n11
Yakima, Wash. Irrigation project Roza canal lining repaired....n*24
Causeways—See Bridges

Cement

ASTM approves new specifications.... n17
Anti-trust order vacated by Court....n410
"High early strength cement" in Germany reported n136
Less labor now required to produce cement n352
Mechanically applied cement mortar used to reline Los Angeles water main. G. W. Jones....*506
Mortar placing with job-made machine.*186
New specifications set up by the government n136
Oregon grants cement priorities for vets' housing n140
Prices on a delivered basis....e425
Central Arizona Project Assn. organized to bring Colorado River water into area..n140
Channels—Schuylkill River desilting plan.n352

Chile

Making Pan American Highway all-weather road n72
New cement plant....n203
Prefabricated houses to be erected....n203
Santiago subway system considered....n336

China

Engineering literature for special library n203
Motion picture theater to be constructed n547
Yangstze Dam, drilling to begin....n547
Yellow River bridge reconstruction n547, n827
Yellow River dikes being closed after an eight-year struggle....n*268
City managers—City manager charters approved for 70 cities....n848
Colombia—Breweries to be erected....n755
Compressed-air work extended with helium-oxygen air *118

Concrete

Air entraining admixtures included in Public Roads Administration specifications *656
Cinder block replaces tile on Washington, D. C. hospital project....*603
Classifying ready-mix concrete plants. L. D. Long....*790
Connectors for timber joints made from cement mortar. Max Miller....*364
Dams
Deposit leached from concrete found in gallery of dam....*503
Horizontal joint put in arch dam to prevent cracking. G. E. Goodall...*884
Flat slabs and slab bands. M. Hirschthal ....l 888
Forms
Adjustable all-steel form for steps ....
Slip forms for million-bushel elevat... H. R. Straight....
Vacuum holds forms for Des Moines building ....
Heavy-duty concrete runway, Fairfield, Suisun, Calif. with no expansion joints ....
Heligoland fortress island is tested by the British with bombs....
Precast sectional walls and roof all... for uneven reservoir settlement, New Orleans ....
Pump concrete for department store, Los Angeles ....
Reinforced concrete on rocker to swung into position to form sidewall ....
Shooting concrete into walls cuts lumber use and labor costs....
Slab-band floors are economical. F. N. Severud ....
Turbine-generator foundation design ....
Winter concreting—Propeller testing house in East Hartford, Conn....

Construction

AGC demands lifting of all controls governing construction industry....n563
Accident prevention saves millions on U. S. government contracts.... 806
Appropriation bill provides for much construction n22
Appropriation for civilian hospitals approved by House....n90
Army civil works cut most under economy rulings n561
The birth of mechanized construction. C. S. Hill....*786
Building volume indicators show curtailment effects n333
Civilian Production Administration to tabulate approved projects....n681
Community facilities in deficiency bill.. n90
Congress approved major engineering bills before closing session....n204
Cost estimates. M. C. Tuttle (chart)..l 538
Cost index figures show leveling-off....n629
Cost of federal construction....n232
Industrial construction increases pace..n145
New York approves new fire-protection material n832
OWMR allows $1.2 billion for federal construction n543
OWMR curtails federal departments budgeted construction work....n199
OWMR raises 1946 building estimates to $17 billion n89
Price control lifted from construction by President n627
Report reviews anti-trust cases in construction industry n347
U. S. Army engineers defer important construction work n351
Construction accidents boom hits power line electrocuting 4 men....n764

Construction Equipment

Asphalt mixers—Trenton, N. J. law requiring local paving mix plants upheld n152
The birth of mechanized construction. C. S. Hill....*786
Brick cleaning machine put out by Skoda Works n*134
